A. Clerk Craft Overtime Pecking Order.

- 1.A. Employees assigned to a section will have priority on overtime in that section.

The above steps are to be followed in the order listed

8.A. When OTDL employees on different Tours share the same “window of opportunity” for overtime, management will go to the greatest extent possible to equalize the overtime in that “window” between the Tours.

NOTE: No Tour has exclusive rights to overtime over another Tour when a window of overtime is shared.

EXAMPLES OF SHARED WINDOWS:

Tour 3 End Tour availability 2300-0100
Tour 1 Begin Tour availability 2300-0100

Tour 3 End Tour availability 1950-2150
Tour 1 Begin Tour availability 1900-2100

Customer Services Administration
Plant Administration
Each Branch or Station

10.A. Guidelines for Managing the Overtime Desired List for Clerks (OTDL):

a. Management shall make monthly rosters that encompass the entire month for each overtime section. Overtime will be rotated among available OTDL clerks. The OTDL's shall be printed and managed manually for all tours. All annotations on the OTDL's shall be made with ink. Any Changes will be initialed.

b. For Tour II and III, when there's not enough OTDL clerks in a section to meet the overtime needs of that section, overtime will be rotated individually from out-of-section OTDL clerks. A separate OTDL will be made comprising the entire tour. Management shall list OTDL clerks from senior to least senior. For each OTDL (begin tour, end tour, and non-scheduled day), an out-of-section OTDL shall be attached to each list. (Example of how to properly annotate the OTDL: If three out-of-section OTDL clerks are needed, the three senior clerks shall be annotated as Early (E), Late(L), or Non-Scheduled day (OD). The last clerk to work overtime shall be circled, and the next available overtime opportunity will begin with the clerk below the circled OTDL clerk. This process will continue throughout the quarter).

c. Since Tour I overtime is tour wide, only one list is necessary. It shall be managed the same way as the out-of-section OTDL for Tour II, and III.

d. If clerks on the OTDL call in, they will not be considered available for overtime until they report back to work on their regular schedule. This rule applies even if the overtime is posted on their weekly schedules.

B. Maintenance Craft Overtime Pecking Order:

1.B. Employees assigned to a section will have priority on overtime in that section.

2.B. Use Overtime Desired List in section where overtime is needed. Maintenance employees desiring to work twelve (12) hours will be annotated with an asterisk on the Overtime Desired List.

5.B. Required clerks not on the overtime desired list but in section where overtime is needed (excluding employees excused from all overtime).

6.B. Required Maintenance employees from outside the section not on overtime desired list but having necessary qualifications, if applicable (exclude maintenance employees excused from all overtime).
